

# SHEQ UPDATE

Quarter 1 Update • JAN 2024

## KEY SUPPLY CHAIN

### INTRODUCTION

Hello and welcome to our 2024 Q1 SHEQ update.

Within the Q1 edition we would like to highlight a few key events that have taken place recently for GEDA. We have conducted several training days across our GB, N.I & Ireland teams in recent months and we are thrilled to announce that the team at our Ravenhill site achieved full marks on their final CSS visit.

Our SHEQ team have awarded Speedeck Foundations with GEDA's 'Supply Chain Health and Safety Award'. Finally we would like to highlight our new SHEQ notice boards that can be found across all GEDA sites.

Please circulate this 'SHEQ Update' amongst your teams to keep them informed.

## KEY SUPPLY CHAIN NEWSLETTER

### CONTENTS

1. Training Day NI/Ireland
2. Environmental News
3. Training Day GB
4. Diisocyanates Training
5. NISG 15 Min CPR Course
6. Speedeck Foundations
7. SHEQ Notice Boards
8. Ravenhill CSS Score

# Training Day NI/Ireland

Our site teams recently participated in an **internal training day**.

**Two guest speakers** at the event provided training on general health and safety, site tidiness and gave an update on legislation.

**Our SHEQ Manager** covered training on overhead and underground services at the event.

## Environmental News

**GEDA's environmental focus** for Q1 2024 is carbon awareness. We will publish details on our 2023 carbon footprint in Q2 and provide training materials as part of this **company wide environmental theme**.

We will be working across all sites to implement our **carbon reduction measures** in line with our carbon reduction plan for 2024 and we would ask that all our **supply chain members** assist us by adhering to our site rules regarding **waste and environmental management**.

We will also be rolling out our **'Waste Awareness Training'** across all sites during 2024.

# Training Day GB

**GB Staff & Supply Chain** came together for a training event at our **Farnborough Road site**.

The day began with an inspirational talk from our guest speaker Matt Hazelton from **Proud2BeSafe**.

In the afternoon, the GEDA team participated in **internal training** on management, technical works, H&S and commercial aspects.

## Diisocyanates Training

**The restriction of diisocyanates** came about due to concerns about the respiratory sensitising properties of diisocyanates.

**All industrial and professional users** of diisocyanates must be trained before using any of these substances. Diisocyanates can be found in a range of products and across many industries **e.g. paints, adhesives or foams**.

[Training Link](#)

### COULD YOU BE USING DIISOCYANATES?

- Do you use paints, adhesives or foams?
- Are you compliant with the Entry 74 REACH diisocyanate restriction conditions?
- Need to know more?

Talk to us today!

CONTROLLING RISK TOGETHER

# NISG - Learn CPR in 15 Minutes

The British Heart Foundation has launched a **FREE 15 min online training session to learn CPR.**

- How to recognise if someone is in **cardiac arrest**
- How to push on the chest so oxygen can get to **vital organs**
- How to make an **emergency call** to get help
- How to use a **defibrillator**

Start your 15  
Minute CPR  
Training  
Course

## Speedeck Foundations

**Congratulations** to Speedeck Foundations who were awarded for '**Supply Chain Health and Safety**' by our SHEQ team.

This award recognises their commitment to **meticulously tracking on-site activities**, including HAVS monitoring and their innovative use of a rotor system to ensure **safe levels of vibration exposure** when utilising handheld tools.

# SHEQ Notice Boards

Please be aware of our **'NEW SHEQ Notice Boards'** on site. Both notice boards have been created for efficiency, keeping **all information in one place** for site managers.

These are to be filled in on a daily basis to **ensure high levels of safety standards and practices.**

## Ravenhill CSS Score

Our **Ravenhill Flood Alleviation Scheme** for N.I Water achieved **'Full Marks'** for its latest CCS site visit.

- 216 out of 225 over 5 visits
- 2150 school/university pupils engaged with 12,000T of waste diverted from landfill

**Congratulations** to our site team and local residents of Ravenhill who got involved!

## Employment Opportunities:

We have multiple job roles available at GEDA, follow the link to our careers page for more information.

## Supply Chain Members:

We are always looking for supply chain members to work on our contracts.
